

# S900 Series

## Flexible Time Collection Terminals

### S900 Series Features

- ✓ The S900 offers an excellent user experience thanks to its intuitive design with a simplified and logical flow. It comes with a 3.5" TFT Multimedia Color Screen and integrated RFID reader.
- ✓ Maximum security for your firmware and files is guaranteed by using encryption, Data Backup and retrieval.
- ✓ Multiple languages are available.
- ✓ The S900 series provides fast identification speed, with the option of advanced access control capabilities.
- ✓ Have your pick among the 900Z and its cost-effective, highly accurate and scratch-resistant Secugen sensor, or the S900Lum with the patented Lumidigm Mercury sensor. This sensor can uniquely read beneath a users' skin surface and is not obstructed by cuts, scratches, dirt or grime.
